Research and Recording Study Day

Studley Royal, North Yorkshire
Historic Vistas, Current Perspectives, Future Prospects

Thursday 3 May 2012, 9.45am to 4.30pm

Fountains Abbey and Studley Royal Water Gardens is a World Heritage Site. It is a landscape that many will be familiar with, but 'improvement' was not, and is not, a process with a finite end point. The importance of the gardens and park means that work of all kinds is on-going: research, archaeological excavations, restoration, conservation, management, interpretation. However well you think you know Studley, you will almost certainly discover something new during this study day. Morning talks will take place in the Aislaby Conference Suite in the Visitor Centre; after lunch, there will be guided tours of the water gardens.
